We are a strong community

As a co-operative bank, we do not belong to shareholders, but to our members. Our task is to provide our members and customers with the best possible advice and support in financial matters. Each member has the opportunity to purchase up to 200 cooperative shares so that it can participate in the success of our bank. As one of the first branch banks in Germany, Sparda-Bank Hamburg has been climate-neutral since 2013. Climate protection and sustainable action are elementary aspects of our co-operative actions – this is also reflected in our climate-friendly campaigns and offers.

We love diversity: from classic to sustainable

Excellent service – excellent products: Independent studies confirm our best performance in the areas of advice, fairness and value for money. For example, our free current account was named "Best Current Account in Hamburg" by Euro magazine (06/2023 issue). Our range includes easy-to-understand products: from classic financing, investment- and pension- solutions to a wide variety of sustainable financial solutions and real estate financing.

Helping where help is needed: our heart beats for the region

In line with our co-operative mission statement, we take responsibility and get involved in our region. We help where support is needed. Every year, more than 100 charity projects in Hamburg, Schleswig-Holstein and Nord-Niedersachsen are supported with a total of more than 1 million euros from the funds of Gewinnsparen.
